Missionary position is common among

partners and is characterized by face-to-face interaction. The standard position of this type is the missionary position where the woman lies back with legs apart. The man lies on top and may use the position for anal or vaginal intercourse. At some point, the woman may dangle her leg on the edge of the platform or lift them towards the ceiling in what is commonly known as the butterfly position. You could practice the same while kneeling. In another variation, the woman may rest the legs on the shoulders of the man. In a coital alignment position, the man points the penis down to make it rub against the clitoris as they make an upward movement. Besides, the woman lies back and raises the legs to the head or put them next to the ears. The man then holds the partner's ankle or instep and lies at the full length of the woman. Most partners prefer this style for it nurtures them emotionally and physically. They can communicate and read body language as they engage in intimacy. Indian Sex Life-Durba Mitra 2020-01-07 "During the colonial period, Indian intellectuals--philologists, lawyers, scientists and literary figures--all sought to hold a mirror to their country. Whether they wrote novels, polemics, or scientific treatises, all sought a better understanding of society in general and their society in particular. Curiously, female sexuality and sexual behavior play an outside role in their writing. The figure of the prostitute is ubiquitous in everything from medical texts and treatises on racial evolution to anti-Muslim polemic and studies of ancient India. In this book, Durba Mitra argues that between the 1840s and the 1940s, the new science of sexuality became foundational to the scientific study of Indian social progress. The colonial state and an emerging set of Bengali male intellectuals extended the regulation of sexuality to far-reaching projects that sought to define what society should look like and how modern citizens should behave. An exploration of this history of social scientific thought offers new perspectives to understand the power of paternalistic and deeply violent claims about sexual norms in the postcolonial world today. These histories reveal the enduring authority of scientific claims to a tradition that equates social good with the control of women's free will and desire. Thus, they managed to dramatically reorganize their society around upper-caste Hindu ideals of strict monogamy"--

The term can also include other sexual acts involving the anus, including pegging, anilingus (anal-oral sex), fingering, and object insertion. Common misconception describes anal sex as practiced almost exclusively by gay men. This misconception is dispelled by researchers, as not all gay males

engage in anal sex, and anal sex is not uncommon among heterosexual relationships. Types of anal sex can also be performed as part of lesbian sexual practices. Many people find anal sex pleasurable, and some may reach orgasm-through stimulation of the prostate in men, and clitoral and G-Spot leg stimulation in women. However, many people find it painful as well; in some cases extremely so, which may be due to psychological factors in some cases. As with most forms of sexual interaction, individuals are at risk for contracting sexually transmitted diseases, and thus safe sex practices are advised. Anal sex is considered a high-risk sexual practice, and unprotected anal sex is the riskiest of all forms of sexual intercourse, due to the vulnerability of the rectum and sphincter tissues. It is also controversial in some religious traditions, often due to prohibitions against homosexuality and/or to teachings about the p...

Kama Sutra for Beginners-Ana Love 2020-04-03 Do you want to learn about Kama Sutra? If yes, then keep reading... Sexuality is a topic that is often perceived as a taboo subject in today's society. Yet, the more we run away from it, the more likely we are to encounter problems within our sex lives. Like any other aspect of a relationship, sexual behavior requires openness and communication in order for both parties to be continually satisfied. There's no better way to establish a healthy, satisfying intimate relationship than studying the Kama Sutra. Anyone who is unfamiliar with the Kama Sutra may be surprised to know that it's actually an ancient text that was developed thousands of years ago. Specifically, it's believed that the Kama Sutra was written anywhere from 400 BCE to 200 CE. It was originally composed in Sanskrit by the Hindu philosopher Vātsyāyana. Though the Kama Sutra is often regarded as a "sex manual," it is in fact much more about embracing the pleasures of life than about achieving specific sexual positions. In fact, the word "Kama" refers to desire, while "sutra" refers to rules, or the thread that ties all things together. The pursuit of pleasures is known as one of the four aims of life within Hindu traditions. In other words, the Kama Sutra was written as a formula for achieving one's desires. This book covers the following topics: Sexual Compatibility Being vocal in the bedroom the benefits of being vocal Learning to Make Love The Orgasm Emotional and physical intimacy (fireworks) Sex Toys Oral sex techniques Anal Sex Powerful Kama Sutra sex positions Sex position to keep her coming Sexual intuition Sexual fantasies Sex Positions to Overcome Anxiety and Insecurity The Kama Sutra Erotic

Message The Menstrual cycle and sex ...And much more It is said that the writer of the Kama Sutra, Vātsyāyana, did not believe that sex should be regarded as an off-limits, "bad" behavior; although, he did express the notion that performing sexual acts in a detached, unemotional manner should be considered sinful. Although the text is ancient by today's standards, the principles found within it are by no means outdated. In fact, it's possible that just about any romantic relationship could benefit by including some of the Kama Sutra ideologies within its sexual endeavors. Throughout this eBook, we'll explore the ways in which you can implement Kama Sutra practices in your love life to connect on a deeper level with your significant others. Everything from kissing to sexual intercourse can be enhanced so that you can create a more loving, intimate relationship and experience a greater sense of pleasure. You and your loved one can follow along and go at your own pace, exploring the notion of the Kama Sutra in a way that works best for your relationship. Do you want to learn more? Sir William Jones says that he appears to correspond with the Greek Eros and the Roman Cupido, but that the Indian description of his person and arms, his family, attendants and attributes has new and peculiar beauties. Sambar' A'sura was one of the Rakshasas, gigantic and diabolical beings, whom Kama slew.
