**You Deserve a Drink-**Mamrie Hart 2015-05-26 A New York Times bestselling, riotously funny collection of boozy misadventures from the creator of the YouTube series, "You Deserve a Drink." Mamrie Hart is a drinking star with a Youtube problem. With over a million subscribers to her cult-hit video series "You Deserve a Drink," Hart has been entertaining viewers with a combination of tasty libations and raunchy puns since 2011. Hart also co-wrote/co-starred in Dirty Thirty and Camp Takota with Grace Helbig and Hannah Hart. Finally, Hart has compiled her best drinking stories—and worst hangovers—into one hilarious volume. From the spring break where she and her girlfriends avoided tan lines by staying at an all-male gay nudist resort, to the bachelorette party where she accidentally hired a sixty-year-old meth head to teach the group pole dancing (not to mention the time she lit herself on fire during a Flaming Lips concert), Hart accompanies each story with an original cocktail recipe, ensuring that You Deserve a Drink is as educational as it is entertaining. With cameos from

familiar friends from the YouTube scene and a foreword by Grace Helbig, this glimpse into Hart's life brings warmth and humor to the woman fans know and love. And for readers who haven't met Mamrie yet—take a warm-up shot and break out the cocktail shaker: you're going to need a drink. "Hart is a pull-no-punches comedian with a talent for self-deprecation in the guise of self-aggrandizement, a winning formula."—The New York Times

**Who Are You, Really?**-Brian R. Little 2017-08-15 "Traditionally, scientists have emphasized what they call the first and second natures of personality-- genes and culture, respectively. But today the field of personality science has moved well beyond the nature vs. nurture debate. In *Who Are You, Really?* Dr. Brian Little presents a distinctive view of how personality shapes our lives--and why this matters. Little makes the case for a third nature to the human condition--the pursuit of personal projects, idealistic dreams, and creative ventures that shape both people's lives and their personalities. Little uncovers what personality science has been discovering about the role of personal projects, revealing how this new concept can help people better understand themselves and shape their lives" -- provided by publisher.

**The Collector's Apprentice**-B. A. Shapiro 2019-06-11 The bestselling author of *The Art Forger* and *The Muralist* delivers a page-turning historical thriller of art and revenge, of history and love, that will transport readers to 1920s Paris and America. It's the summer of 1922, and nineteen-year-old Paulien Mertens finds herself in Paris--broke, disowned, and completely alone. Everyone in Belgium, including her own family, believes she stole millions in a sophisticated con game perpetrated by her then-fiancé, George Everard. To protect herself from the law and the wrath of those who lost everything, she creates a new identity, a Frenchwoman named Vivienne Gregsby, and sets out to recover her father's art collection, prove her innocence--and exact revenge on George. When the eccentric and wealthy American art collector Edwin Bradley offers Vivienne the perfect job, she is soon caught up in the Parisian world of post-Impressionists and expatriates--including Gertrude Stein and Henri Matisse, with whom Vivienne becomes romantically entwined. As she travels between Paris and Philadelphia, where Bradley is building an art museum, her life becomes even more complicated: George returns with unclear motives . . . and then Vivienne is arrested for Bradley's murder. B. A. Shapiro has made the historical art thriller her own. In *The Collector's Apprentice*, she gives us an unforgettable tale about the lengths to which people will go for their obsession, whether it be art, money, love, or vengeance.

**See How They Ran**-Gil Troy 2012-09-18 See How They Ran explores why candidates campaign as they do, why Americans complain about it, and what these evolving patterns and changing images tell us about American democracy itself. On the eve of every election, many Americans become convinced that this presidential campaign is worse than it has ever been. Frustrated, we long for the good old days of dignified campaigns and worthy candidates. However, as Gil Troy's fascinating history demonstrates, they never existed. Originally, candidates did not run for office, but awaited the people's call in dignified silence. When Stephen Douglas campaigned in 1860, he pretended to be visiting his mother as he traveled, not actively campaigning. In the post-1945 world, however, both Democratic and Republican candidates have stopped to kiss babies, donned hard hats, and pumped hands along the campaign trails. From the founding of our nation, Americans have wanted a leader who is simultaneously a man of the people and a man above the people. In See How They Ran, Troy shows that our disappointment with current presidential campaigns is simply the latest chapter in a centuries-long struggle to make peace with the idea of leadership in a democratic society. This is an engrossing and essential read.

**The Age of the Crisis of Man**-Mark Greif 2016-11-08 A compelling intellectual and literary history of midcentury America In a midcentury American cultural episode forgotten today, intellectuals of all schools shared a belief that human nature was under threat. The immediate result was a glut of dense, abstract books on the "nature of man." But the dawning "age of the crisis of man," as Mark Greif calls it, was far more than a historical curiosity. In this ambitious intellectual and literary history, Greif recovers this lost line of thought to show how it influenced society, politics, and culture before, during, and long after World War II. During the 1930s and 1940s, fears of the barbarization of humanity energized New York intellectuals, Chicago protoconservatives, European Jewish émigrés, and native-born bohemians to seek "re-enlightenment," a new philosophical account of human nature and history. After the war this effort diffused, leading to a rebirth of modern human rights and a new power for the literary arts. Critics' predictions of a "death of the novel" challenged writers to invest bloodless questions of human nature with flesh and detail. Hemingway, Faulkner, and Richard Wright wrote flawed novels of abstract man. Succeeding them, Ralph Ellison, Saul Bellow, Flannery O'Connor, and Thomas Pynchon constituted a new guard who tested philosophical questions against social realities—race, religious faith, and the rise of technology—that kept difference and diversity alive. By the 1960s, the idea of "universal man" gave way to moral antihumanism, as new sensibilities and social movements transformed what had come before. Greif's reframing of a foundational debate takes us beyond old antagonisms into a new future, and gives a prehistory to the fractures of our own era.

**The Substance of Style**-Virginia Postrel 2009-03-17 Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying,

radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

Or will the secrets lurking in Tudor's past scupper their chance of happiness? *Eternally North* is addictive, funny and heart-warming; a fast paced comedic journey of self-discovery; unyielding friendship and, of course, it would not be complete without a generous sprinkling of good old-fashioned British 'slap-and-tickle'. **WARNING:** Contains a foul-mouthed voluptuous Brit; a self-confessed and self-promoted Friggin' Fantastic Fairy; and an abundance of tattoo-smothered muscles nicely wrapped up in one

**Along Came a Demon**-Linda Welch 2013-01-11 I'm told the dead are all around us. I wouldn't know about that, I see only the violently slain. They can be victims of hit-and-run, innocents caught in a cross-fire, the murdered. They whisper to me and they never, ever, forget the face of their killer. I've learned to live with my uncanny ability, in fact I've made a career out of it. The departed aren't the only supernaturals I see. No, they're not vampires or werewolves or fae - those things don't exist. We live side by side with what some call the Otherworldly. That's too much of a mouthful for me, I call them demons. If you saw them as I do, you'd know why. Right now I'm trying to track down a missing six year-old boy whose mother was murdered. Or maybe she wasn't. To further complicate the case, Clarion PD gave me a partner I'd rather shoot than work with. I can't tell them he's a demon. They'd think I'm crazy. I'm Tiff Banks. Welcome to my world.
