Stars of Magic-George Starke 2017-06-20 If you have not read and learned the magic contained in this book you have no business calling yourself a close-up magician. The magic by John Scarne, Dai Vernon, Bert Allerton, S. Leo Horowitz, Emil Jarrow, Francis Carlyle, Dr. Jacob Daley, Tony Slydini, Ross Bertram, Nate Leipzig, and Max Malini helped shape the art of close-up magic as we know it. It has often been said that mastering the magic in this book will make you an accomplished close-up and sleight-of-hand artist. In many ways, it contains all the magic you need to build a professional caliber repertoire. Many have earned a living performing these routines and now you can too. Includes: 41 incredible routines by 11 incredible artists, a historical introduction and a bonus section with private correspondence related to the Stars Of Magic.

That Reminds Me: Finding the Funny in a Serious World-Michael Close 2012-12-01

Michael Close is an inveterate joke teller whose stories have brought gales of laughter from audiences around the world. For more than twenty years, Michael's friends and colleagues have eagerly awaited a collection of jokes from his enormous repertoire. "That Reminds Me" is that compilation - more than 250 of the best clean (and not so clean) jokes you've ever read. But this is much more than a joke book. Michael shares heartfelt reminiscences of the funny people who have enriched his life, stories of crazy personal experiences, and thoughts on the importance of "finding the funny" in your own life. This is the perfect book for anyone who needs a good laugh. Foreword by Penn Jillette [The jokes in this collection range from squeaky clean to R-rated. Words that you can't use on network television appear occasionally. If such language offends you, please don't purchase this book.]

Excerpt: Karl Fulves is a magician and author of numerous books on magic. Karl Fulves lives in Fairlawn, New Jersey, and is a private person who has repeatedly turned down all requests for interviews. There is not much known about him other than his incredible output of magic literature. He has taught thousands of beginners, young and old, to perform remarkable feats of sleight of hand through the books he has published. Fulves is most well known for his "Self-Working" book series from Dover. Karl Fulves took over The New Phoenix magazine from Don Tanner. He published three more issues and then at issue 400 in October 1965 stated "The bird will be fondly laid to rest." He then started a new magazine called The Pallbearers Review which continued until 1975. He also started another periodical called Epilogue from 1967 until 1976. In 1970, Joseph K. Schmidt submitted Fulves a coin flourish complete with illustrations. The contribution was published in Volume 5, Issue #10 of Pallbearers. Fulves was very impressed with Schmidt's artistic abilities and, coincidentally, was looking for an artist to illustrate some of the lengthier routines. He asked Schmidt to illustrate an effect called Canterbury ...

Like a Curse (free werewolf romance)-Keira Levett 2014-11-21 This paranormal shifter romance contains steamy sex and is intended for mature audiences only. Logan Randall must marry to prevent a pack war and secure an alliance for his pack. His fiancée is everything Logan wants in a wife, but the problem is, she's not the one who makes his blood burn. Now that she's a werewolf and a freak, Freya has enough problems as it is. Attraction to an engaged man is the last thing she needs on top of that, no matter how handsome he is. Logan drives her crazy. He's bossy and possessive, even though he has no right to be. She hates him and hates what he does to her. He makes her weak for him and needy, and she makes him want something he shouldn't want. It's wrong and reckless. They know they shouldn't. They know they can't. #1 in the Randall Family series, but it is a complete, stand-alone story. Keywords: [free, steamy werewolf romance, shifter romance, forbidden love, forbidden attraction, alpha male, paranormal romance, fantasy, werewolf love story, age difference, rich hero, love affair, hate to love, possessive hero, freebie, free, free romance]

The Genesis of Geopolitics and Friedrich Ratzel-Alexandros Stogiannos 2018-10-29 This book discusses the influence of Friedrich Ratzel's ideas in more contemporary geopolitical analytical systems and the geodeterminism commonly attributed to him. The author thoroughly analyzes the structural components of Ratzel's thought. The research is inspired by the numerous contradictory approaches in the secondary literature, presenting Ratzel as both humanist and racist, geo-determinist and multidimensional analyst, organicist and social scientist, precursor of Geopolitics and opponent to the same idea. In this work, more particular issues are approached: the establishment of a scientific Political Geography; the methodological approach of his multidisciplinary work; the redefinition of his geopolitical period; his notion of state and the evaluation of sociological and cultural parameters as factors of state power; the biogeographical content of the notion of Lebensraum; his attitude towards the racist theories as well as towards the Darwinian theories; his overall worldview and the confrontation with cosmopolitanism; his contribution to an interdisciplinary, positivist and scientific approach in analyzing social and international affairs; his thoughts on the architecture of Europe. The book will be useful for researchers and students in many scientific fields, such as International Relations, Geopolitics, Geography and History of Geography.

The Senses of Humor-Daniel Wickberg 2015-06-18 Why do modern Americans believe in something called a sense of humor, and how did they come to that belief? Daniel Wickberg traces the relatively short cultural history of the concept to its British origins as a way to explore new conceptions of the self and social order in modern America. More than simply the history of an idea, Wickberg's study provides new insights into a peculiarly modern cultural sensibility. The expression "sense of humor" was first coined in the 1840s, and the idea that such a sense was a personality trait to be valued developed only in the 1870s. What is the relationship between medieval humoral medicine and this distinctively modern idea of the sense of humor? What has it meant in the past 125 years to declare that someone lacks a sense of humor? Why do modern Americans say it is a good thing not to take oneself seriously? How is the joke, as a

twentieth-century quasi-literary form, different from the traditional folktale? Wickberg addresses these questions among others and in the process uses the history of ideas to throw new light on the way contemporary Americans think and speak about humor and laughter. The context of Wickberg's analysis is Anglo-American; the specifically British meanings of humor and laughter from the sixteenth century forward provide the framework for understanding American cultural values in the nineteenth and twentieth centuries. The genealogy of the sense of humor is, like the study of keywords, an avenue into a significant aspect of the cultural history of modernity. Drawing on a wide range of sources and disciplinary perspectives, Wickberg's analysis challenges many of the prevailing views of modern American culture and suggests a new model for cultural historians.

Magic-Earle Jerome Coleman 1987 An excellent and exhaustive expansion of Coleman's 20-page chapter in Volume 3 of the valuable Handbook of American Popular Culture. . . . Contents include a preface, introduction, chapters on history of magic, principles and appreciation, manuals on performance, relation to the other `arts,' biographies, and appendixes of historical dates, periodicals, directories, research collections, and dealers. Chapters contain very thorough bibliographies and there are author and subject indexes. It is impossible to imagine a more thorough guide to magic. Choice The work as a whole is an extremely valuable compilation of, and commentary on, nearly 1,000 titles dealing with magic, conjuring, and tricks that fool the eye. . . . [It is] a superb addition to any library's collection of books on the history, psychology, and techniques of magic. Reference Books Bulletin This reference guide provides a comprehensive view of magic, focusing on its

history, psychology, techniques, and aesthetics. The text is in the form of topical bibliographical essays with additional theoretical remarks expressing Coleman's personal philosophy of conjuring. The work begins with a description of outstanding histories of magic and goes on to elucidate some of the major bibliographic sources on the principles of psychology and

showmanship which separate the master conjurer from the amateur. Subsequent chapters evaluate manuals on the execution of magic, including all categories from card magic to stage illusions and telepathy.
