Samurai Revolution-Romulus Hillsborough 2014-03-25 See the dawn of modern Japan

through the lens of the power players who helped shape it — as well as those who fought against it — in this exploration of Samurai history. Samurai Revolution tells the fascinating story of Japan's historic transformation at the end of the nineteenth century from a country of shoguns, feudal lords and samurai to a modern industrialized nation. The book covers the turbulent Meiji Period from 1868 to 1912, widely considered "the dawn of modern Japan," a time of Samurai history in which those who choose to cling to their traditional bushido way of life engaged in frequent and often deadly clashes with champions of modernization. Knowledge of this period is essential to understand how and why Japan evolved into the nation it is today. The book opens with the fifteen-year fall of the Tokugawa Shogunate, which had ruled Japan for over 250 years, and the restoration of the Meiji emperor to a position of power at the expense of the feudal Daimyo lords. It chronicles the bloody first decade of the newly reestablished monarchy, in which the new government worked desperately to consolidate its power and introduce the innovations that would put Japan on equal footing with the Western powers threatening to dominate it. Finally, Samurai Revolution goes on to tell the story of the Satsuma Rebellion, a failed coup attempt that is widely viewed as the final demise of the samurai class in Japan. This book is the first comprehensive history and analysis in English that includes all the key figures from this dramatic time in Japanese politics and society, and is the result of over twenty-five years of research focused on this critical period in Japanese history. The book contains numerous original translations of crucial documents and correspondence of the time, as well as photographs and maps. Samurai Revolution goes in-depth to reveal how one era ended and another began.

Mum's Lovely Kid: Super CEO Daddy-Luo Yixue 2019-11-25 Her father was arrested, her mother was hospitalized in a serious illness, and she had no money to take her mother to see a doctor. In desperation, she sold her body for money and chose to surrogacy for somebody. After she gave birth to a son, and had no time to hug him, the child was cruelly taken away. She was heartbroken watching the child being taken away, and soon felt a pain in her abdomen. It turned out that she was pregnant with twins. She left with her daughter alone, and after a few years of living, a man appeared, completely breaking her peaceful life.□About the Author□Luo Yixue, a well-known online novelist, she has authored many novels, most of which are urban romance. Representative works include: Mum's Lovely Kid: Super CEO Daddy, Doting, etc.. The vividness and funny style is loved by readers.

Do it Yourself Wiring-Better Homes and Gardens 1989 Step-by-step illustrations and easy-to-follow instructions for adding, repairing, or solving problems of wiring, profusely illustrated

Laverda Twins & Triples Bible-Ian Falloon 2013-08-01

Texas Shipwrecks-Mark Lardas 2016-04-11 The Texas coastline and offshore waters are flat, shallow, featureless, and filled with shoals. Texas waters are subjected to extreme weather, not just hurricanes and tropical storms but also northers and seasonal gales. This, combined with two centuries of naval warfare off Texas waters, produced many shipwrecks of all sorts, from Spanish treasure fleets to simple working boats. The ships of pirates, navies, cotton traders, immigrants, fishermen, and oil shippers line the Texas coast, cover the sea bottom off Texas, and blanket the bottom of Texas rivers. Each wreck has a story, romantic or repellent, prosaic or unusual, but all intriguing.

Saving Schools-Paul E. Peterson 2010-07-30 In this book Peterson interprets the history of American schools by placing major educational

reformers in the context of their times and relates their thinking to our own era by scrutinizing the often unanticipated consequences of their commitments and ideas. These extraordinary individuals provided the critical ideas and articulated the ideals that motivated many others to search for ways to save the schools from the limitations in which they were embedded: Horace Mann, John Dewey, Martin Luther King, Al Shanker, William Bennett, and James S. Coleman. The drive to centralize was pervasive despite repeatedly expressed reform desire to customize education. Peterson argues that education has become an increasingly labor intensive industry that must reverse direction and become more capital intensive or it will descend in quality. Fortunately, technological change is making it possible radically alter the way in which education services are delivered, providing a new chance to save our schools.

Kawasaki Vulcan 700/750 & 800 '85 to '04-Alan Ahlstrand 2005-12-16 Every Haynes manual is based on a complete teardown and rebuild, contains hundreds of "hands-on" photos tied to step-by-step instructions, and is thorough enough to help anyone from a do-it-your-selfer to a professional.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Once a Marine-Nick Popaditch 2008-09-29 FINALIST FOR AUTOBIOGRAPHY / MEMOIRS, 2009, THE INDIE BOOK AWARDS WINNER, 2009, MILITARY-WRITERS BOOK OF THE YEAR

May 6, 1986: Nick Popaditch arrives at the Receiving Barracks, Marine Corps Recruit Depot, San Diego, California. April 9, 2003: An AP photographer captures a striking image seen around the world of the Gunny Sergeant smoking a victory cigar in his tank, the haunting statue of Saddam Hussein hovering in the background. Popaditch is immortalized forever as "The Cigar Marine." April 6, 2004: The tanker fights heroically in the battle for Fallujah and suffers grievous head wounds that leave him legally blind and partially deaf. The USMC awards him with a Silver Star for his valor and combat innovation. April 18, 2004: "Gunny Pop" comes home to face the toughest fight of his life—a battle to remain the man and Marine he was. This is the central drama of Nick's inspiring memoir, *Once a Marine: An Iraq War Tank Commander's Inspirational Memoir of Combat, Courage, and Recovery*. Readers in and out of the military will stand up and cheer for this valiant Marine's Marine, a man who embodies everything noble and proud in the Corps' long tradition. Never has modern mechanized combat seemed so immediate and real, or the fight in Iraq seemed so human and worth believing in. At first, Nick fights to get back to where he was in Iraq—in the cupola of an M1A1 main battle tank, leading Marines in combat at the point of the spear. As the seriousness and permanence of his disabilities become more evident, Nick fights to remain in the Corps in any capacity, to help the brothers in arms he so aches to rejoin. Facing the inevitable following a medical retirement, he battles for rightful recognition and compensation for his permanent disabilities. Throughout his harrowing ordeal, Nick fights to maintain his honor and loyalty, waging all these battles the same way—the Marine way—because anything less would be a betrayal of all he holds dear. The real triumph in *Once a Marine* is its previously untold, behind-the-scenes tale of the day-to-day life of a career Marine noncommissioned staff officer. In most books and movies, a "Gunny" is little more than a cardboard character. Nick's portrayal is a man complete: a husband and father, as well as a warrior and a mold of young warriors. He reveals himself completely, something no memoirist in his position has ever done before. This includes our very personal introduction to his wife April, whose heroics in the story equal Nick's, together with dozens of others who, as Sgt. Popaditch writes, gave so much, so selflessly and freely, to him. Like the man himself, *Once a Marine* is full of gratitude and refreshingly free of false bravado and braggadocio. All Americans,

of all political persuasions, have a duty to meet this courageous and admirable fighting man, an exemplar of all our military men and women who give so much out of love for their nation. Meeting Gunny Sergeant Popaditch through the pages of his inspirational memoir offers up new reasons to be proud and shoulder our own responsibilities as Americans. Once a Marine will instantly take its place among outstanding combat classics. And once you read this remarkable and uplifting book, *The Marine's Hymn* will never sound the same.

Rajasthan—Pauline van Lynden 2003 "Above all, this book is intended to show the delight I have found in a way of life which, often with very little means, still results in great beauty." This incredible 300-page book is a reflection of the author's extensive travels in the region. This stunningly lavish volume is based on Pauline van Lynden's notebooks, photographs and other material gathered over fifteen years of wanderings in Rajasthan, India. The book begins with Pauline's first overwhelming impressions of color, people and places. In search of material, making friends on her way, she discovers the Rajasthani cities, is invited to a royal wedding and finds artisans devoted to their centuries-old crafts. After some time, a longing for quiet draws her to the countryside, and the second half of the book focuses on the villages and a rhythm of life which has not changed much over the centuries. The fourteen chapters of the book are each introduced by two pages of stories and descriptions by Pauline to explain, in a personal way, the following pages of photographs. The text is limited to her impressions, as the book is meant to be essentially a visual experience. With her artistic background, an upbringing in international surroundings, a curious and eclectic mind, a keen photographer's eye and a great sensitivity for detail and atmosphere, Pauline is perfectly equipped to bring her own view of Rajasthan to the public in this informed and evocative manner.

The Great Reflation—J. Anthony Boeckh 2010-04-23 A guide to understanding and thriving in today's new economic environment. Now that the housing and credit bubbles have burst, toppling banks and sending shockwaves through the stock market and around the world, it may seem like the worst has passed. But the full impact of the crises we have recently faced

will create far more problems, and unless you're prepared, you'll struggle to regain your financial footing. In *The Great Reflation*, author Tony Boeckh helps you understand how these crises, and the policies passed to jumpstart the economy, will play out for investments and business, and provides you with the tools to excel in today's rapidly evolving financial landscape. He reveals how similar episodes compare with the current crises and what this could mean for your financial future. Arms you with practical insights that will allow you to evaluate different investment options Explores the implications of the end of the private debt cycle, the possible rise of a new age of thrift, and the new government debt crisis Reveals how you can profit from once-in-a-lifetime opportunities as well as proper portfolio allocation strategies While things may never return to "normal," you can still make choices that will allow you to prosper. This book will show you how.

Kawasaki KX125 & KX250 1982-1991, KX500 1983-2004-Penton Staff 2000-05-24 KX125 (1982-1991), KX250 (1982-1991), KX500 (1983-2004)

In Splendid Isolation-Patricia Faasse 2008 For almost a hundred years, the Willie Commelin Scholten laboratory was the hub of phytopathology research in the Netherlands, where generations of students learned the principles of plant pathology. In *Splendid Isolation* reconstructs the history of this unique institution, from its beginnings as a small private laboratory in the late nineteenth century to its final days as a renowned university research center. This unique volume chronicles how the laboratory's scientific reputation spread far beyond the country's borders as it diagnosed and researched thousands of plant diseases.

The Lying Game #4: Hide and Seek-Sara Shepard 2013-07-30 *Hide and Seek*, from Sara Shepard's YA *Lying Game* series, delivers dark family secrets, devious pranks, and nail-biting suspense. Like Sara Shepard's *Pretty Little Liars* series, *The Lying Game* is now also an ABC Family original TV show. Separated at birth, twin sisters Emma Paxton and Sutton Mercer never had a chance to meet. And now they never will. Someone murdered Sutton and forced Emma into taking her place. Sutton can only watch from

beyond the grave as Emma tries to figure out who killed her—and why. But as Emma digs deeper, the girls discover that the truth may be far more terrible than they'd ever imagined—and the killer may be a lot closer to home....

Ita Wegman and Anthroposophy-Wolfgang Weirauch 2012-08-31 I believe, a time will come when greater distance makes the conflicts in the Anthroposophical Society - which at first sight seem so ugly - appear as part of the struggle for anthroposophy in the twentieth century. When this future dawns it will be important to be able to reach back to a historical documentation of what happened. - Emanuel Zeylmans Following the re-founding of the Anthroposophical Society at the Christmas Foundation Meeting in 1923, Ita Wegman, Rudolf Steiner's closest collaborator at the end of his life, became the object of intense opposition, systematic exclusion, and misunderstanding. This ostracism and misinformation continued after her death, kept alive by prejudice and untruths that created an atmosphere that made a clear and unbiased view of her role in Anthroposophy impossible. Because no real biography existed, even the open-minded and impartial found it difficult to make an informed judgment. This lack was filled by Emanuel Zeylmans' three-volume work, *Who Was Ita Wegman?* To write it, he researched 100 undated notebooks, 2,000 manuscript pages, and 6,000 letters. Sifting through these was an enormous labor. To reach the esoteric heart of "the Wegman question" took him twelve years. What he found was extraordinary and of paramount importance to anyone interested in Anthroposophy and the divisive karma of its history. In *Ita Wegman and Anthroposophy*, Wolfgang Weirauch of the German journal *Flensburger Heft* interviews Emanuel Zeylmans. Speaking candidly about the deepest aspects of his revelatory findings, Zeylmans describes how his passionate need unfolded to understand what happened both to Ita Wegman and Anthroposophy. He talks of meetings with those who knew her intimately. He tells of her collaboration with Rudolf Steiner and her fraught relations with Marie Steiner and Edith Maryon, both of whom also had special relationships with Steiner. He describes the Christmas Foundation Meeting and the conflicts that followed Steiner's death that led to Ita Wegman's expulsion from the Executive Council. Though this book will be of special interest to those who want to understand the history of the Anthroposophical

Society, it would be a mistake to consider it a book about the past. It is a book about the future of Anthroposophy.

WPF 4.5 Unleashed-Adam Nathan 2013-07-12
The #1 WPF Book--Now Updated for WPF 4.5!
Thorough, authoritative coverage, practical examples, clear writing, and full-color presentation make this one of the most widely acclaimed programming books of the last decade. Windows Presentation Foundation (WPF) is the recommended technology for creating modern Windows desktop apps. Whether you want to develop traditional user interfaces or integrate 3D graphics, audio/video, animation, dynamic skinning, touch, rich document support, speech recognition, or more, WPF enables you to do so in a seamless, resolution-independent manner that scales from small tablets to large TVs. WPF 4.5 Unleashed is the authoritative book that covers it all, in a practical and approachable fashion, authored by WPF guru and Microsoft architect Adam Nathan. Covers everything you need to know about Extensible Application Markup Language (XAML) Examines the WPF feature areas in incredible depth: controls, layout, resources, data binding, styling, graphics, animation, and more Delves into topics that aren't covered by most books: 3D, speech, audio/video, documents, effects Shows how to create popular UI elements and leverage built-in controls such as the new Office-style Ribbon Demonstrates how to create sophisticated UI mechanisms, such as Visual Studio-like collapsible/dockable panes Explains how to create first-class custom controls for WPF Demonstrates how to create hybrid WPF software that leverages Windows Forms, DirectX, ActiveX, or other non-WPF technologies Explains how to exploit desktop features, such as Jump Lists and taskbar customizations, and the same toast notifications used by Windows Store apps

Mick Walker's European Racing Motorcycles-Mick Walker 2000 While the history of European competition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the

continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.
