Gladiatrix -Russell Whitfield 2009-04-14 The Ancient Roman public's hunger for gladiatorial combat has never been greater. The Emperor Domitian's passion for novelty and variety in the arena has given rise to a very different kind of warrior: the Gladiatrix. Sole survivor of a shipwreck off the coast of Asia Minor, Lysandra finds herself the property of Lucius Balbus, owner of the foremost Ludus for female gladiators in the Eastern Empire. Lysandra, a member of an ancient Spartan sect of warrior priestesses, refuses to accept her new status as a slave. Forced to fight for survival, her deadly combat skills win the adoration of the crowds, the respect of Balbus. But Lysandra's Spartan pride also earns her powerful enemies: Sorina, Gladiatrix Prima and leader of the Barbarian faction, and the sadistic Numidian trainer, Nastasen. When plans are laid for the ultimate combat spectacle to honor the visit of the emperor's powerful new emissary, Lysandra must face her greatest and deadliest trial. This is a thrilling first novel that combines fascinating historical detail with blistering action.

Death of an Ordinary Man -Glen Duncan 2007-12-01 A dead man pursues the secrets of his life and death in this "dense, subtle, substantive, perfectly shaped fiction" by the author of I, Lucifer (The Guardian, UK). Nathan Clark's gravestone reads: At rest. But Nathan is not at rest, and knows he won't be until he finds out why he died. How has he come to hover over his own funeral, a spectral spectator to the grief of his family and friends? Privy now to their innermost thoughts and feelings,

Nathan spends the day of his wake getting to know the living as he has never known them before. But why isn't Nathan's young daughter Lois at the wake? Who are the two strangers at the funeral, and why does their presence fill him with dread? Nathan knows he has only so long to unlock these mysteries, because he is drawn time and again to a room in his house he never knew existed—a room that holds a terrifying secret. "Duncan's exhilarating, almost exhausting flood of insight into family patterns of love and habit is matched by the rich unexpectedness of his writing and the complex construction of the narrative."—Publishers Weekly, starred review

Challenging the Secular State-Arskal Salim 2008-09-30 It was an impossible crime: knock off an entire North Dakota town called Copper Canyon—clean out the plant payroll, both banks, and all the stores in one night. Parker called it "science fiction," but with the right men (a score of them), he could figure it out to the last detail. It could work. If the men behaved like pros, cool and smart; if they didn't get impatient, start chasing skirts, or decide to take the opportunity to settle secret old scores...they just might pull it off.
