Buy Buttons-Nick Loper 2016-09-17 Whether you want to make an extra \$100 a month or an extra \$10,000, the high-level process is the same: Someone has to buy what you're selling. The money has to come from somewhere, right? (Hint: it comes from customers.) Sadly, there's an epidemic going around. The reason most entrepreneurs, wantpreneurs, and side hustlers fail is a lack of customers. If you've ever failed in your own efforts to start a business or earn money on the side, I'm guessing that was the root cause. On top of that, you're in a constant battle of not having enough hours in the day and you don't know where to focus your limited time, energy, and money. That's the bad news. The Answer The good news is you have more opportunity today to earn income in your spare time than ever before. And you don't need a killer new business idea or millions of dollars in startup capital to do it. The good news is there isn't a shortage of customers. They're out there! This book will share specifics on how to increase your earning power-on your own time, on your own terms, and without getting another job. We'll look at real-life examples of people just like you making it happen. I'm going to arm you with dozens of income-generating ideas that don't require a ton of time or money to get started. And spoiler alert: there are no get-rich-quick schemes inside. Instead, you'll learn proven strategies for tapping into the growing peer-to-peer economy to supplement your income, diversify your revenue sources, and reduce your reliance on your day job for your livelihood. Go Where the Cash Is Already Flowing Buy Buttons focuses on marketplaces that already exist, where you can put your expertise, time, and assets up for sale or rent. There are hundreds of platforms that you can add your "buy buttons" to. You don't have to build a customer base from

scratch, design a website, or even worry about payment processing. Each platform already has an eager audience of buyers looking for what you have to sell. Not sure what to sell? In the 300+ platforms featured inside, you're bound to find an idea or two that's a fit. These platforms are the "gateway drugs" of entrepreneurship. They're easy to get started on, to get the high from your first sale, and to keep coming back for more. Does It Really Work? I've used the same "buy buttons" marketplace strategy over and over again for the last 15 years as an entrepreneur. Even more exciting, thousands of SideHustleNation.com readers and Side Hustle Show listeners just like you are already seeing results by implementing the strategies in this book. The common thread is they set up their businesses on pre-existing platforms that made it easy for buyers to find them and spend money with them. This book will show you exactly where and how to set up your "buy buttons" to generate hundreds or thousands of dollars a month in side income. My Guarantee I guarantee you'll find at least one "buy button" platform that you can use to generate your own job-free income stream. If you don't, just send me a note (my contact info is at the end of the book), and I'll buy the book back from you, no questions asked. Now, where else are you going to find a deal like that? Ready? Hit the Buy Now button and let's get started!

The Next Generation-S.c. Stephens 2017-09-28 Fitting in can be hard for anyone. But for Julian and Nika Adams, it's especially challenging. Born as partial vampires, a rare offshoot of pureblood vampires, the twins have had to deceive people their entire lives-distancing themselves from their peers. Nika desperately wants a hero, a soulmate, someone she can trust with every fiber of her soul-someone as amazing as her father. The boys at her high school aren't impressing her, but, luckily for Nika, Hunter Evans has moved into the neighborhood. Julian desperately wishes he could sever the empathic bond he has with his sister. While it was fun to experience each other's emotions when they were kids, now that Julian finds himself pining for a girl he can't have, sharing his feelings is the last thing he wants to do.

A Well-Built Faith-Joe Paprocki 2010-06-01 Nail down the facts, tear down the barriers! The Catechism of the Catholic Church is over nine hundred pages long, so it comes as no surprise that many Catholics think of their faith as complex—and certainly too complex to share with others! A Well-Built Faith—cleverly developed around a construction theme—makes it easy and flat-out fun for any Catholic to know

what they believe and to feel confident in sharing those beliefs with others. The eighteen-chapter book—at times profound, at times humorous, always practical—follows the structure of the four pillars of the Catechism of the Catholic Church (Creed, Sacraments, Morality, and Prayer). Taking otherwise difficult topics about the Catholic faith and making them accessible and relevant to the lives of average Catholics, acclaimed author and teacher Joe Paprocki does so in a way that never compromises the rich depth of Catholic teaching and tradition. From the Trinity to the seven sacraments, from the Ten Commandments to the Lord's Prayer, *A Well-Built Faith* will help Catholics nail down the facts of the faith and tear down the barriers keeping them from sharing their beliefs with others.

Contemporary Chinese Art, Aesthetic

Modernity and Zhang Peili-Paul Gladston

2019-10-17 In recent decades the previously assumed dominance within the international art world of western(ized) conceptions of aesthetic modernity has been challenged by a critically becalming diversification of cultural outlooks widely referred to as 'contemporaneity'. Contributing to that diversification are assertions within mainland China of essential differences between Chinese and western art. In response to the critical impasse posed by contemporaneity, Paul Gladston charts a historical relay of mutually formative interactions between the artworlds of China and the West as part of a new transcultural theory of artistic criticality. Informed by deconstructivism as well as syncretic Confucianism, Gladston extends this theory to a reading of the work of the artist Zhang Peili and his involvement with the Hangzhou-based art group, the Pond Association (Chi she). Revealed is a critical aesthetic productively resistant to any single interpretative viewpoint, including those of Chinese exceptionalism and the supposed immanence of deconstructivist uncertainty. Addressing art in and from the People's Republic of China as a significant aspect of post-West contemporaneity, Gladston provides a new critical understanding of what it means to be 'contemporary' and the profound changes taking place in the art world today.

Valuation for Arbitration

-Mark Kantor 2008-01-01 This book provides a clear understanding of the nuts and bolts of valuation approaches for business investments, including market, income and asset-based methods. It reviews tools that arbitrators may employ to reach their final compensation assessment on a principled basis. The book and its many practical recommendations explore the decision making processes entailed in three central aspects of the arbitrator and its role: and advance planning to enhance understanding of expert valuation evidence; and identification of and apples-to-oranges and miscomparisons; and recognition of the true comparability between the business at issue and other examples offered in the expert evidence. The presentation focuses not only on the legal standards applicable to the valuation (full or adequate compensation, reparations, restitution, actual loss, fair market value, fair or reasonably equivalent value, lost profits, etc.), but also on the informed judgment and reasonableness that must enter into the process of weighing the facts of each case and determining its aggregate significance. The book considers common valuation methods like discounted cash flows, adjusted present values, capitalized cash flows, adjusted book values and comparable sales and transactions. Additionally, it addresses means for arbitrators to assess expert valuation evidence in complex business

investment disputes. andquot;Best book 2008 of the OGEMID awards!andquot;

Unprotected Texts-Jennifer Wright Knust
2011-01-25 "An explosive, fascinating book that reveals how the Bible cannot be used as a rulebook when it comes to sex. A terrific read by a top scholar." —Bart Ehrman, author of *Misquoting Jesus* Boston University's cutting-edge religion scholar Jennifer Wright Knust reveals the Bible's contradictory messages about sex in this thoughtful, riveting, and timely reexploration of the letter of the gospels. In the tradition of Bart Ehrman's *Jesus Interrupted* and John Shelby Spong's *Sins of Scripture*, Knust's *Unprotected Texts* liberates us from the pervasive moralizing—the fickle dos and don'ts—so often dictated by religious demagogues. Knust's powerful reading offers a return to the scripture, away from the mere slogans to which it is so often reduced.
