US Navy F-4 Phantom II MiG Killers 1965-70-Brad Elward 2012-11-20 For every American fighter pilot involved in the Vietnam War, the ultimate goal was to 'kill a MiG'. In eight years of conflict 43 Vietnamese Peoples Air Force aircraft were claimed by US Navy and US Marine Corps Phantom II crews, and one single ace crew produced. Navy Phantom IIs scored the first kills of the Vietnam War, in April 1965, as well as

scoring the last in January 1973. This volume charts the successes of the navy fighter crews as they encountered 'MiGs, Missiles and AAA' over the jungles of North Vietnam.

Ozu-Donald Richie
1977-03-15 "Substantially the book that devotees of the director have been waiting for: a full-length critical work about Ozu's life, career and working methods, buttressed with reproductions of pages from his notebooks and shooting scripts, numerous quotes from co-workers and Japanese critics, a great many stills and an unusually detailed filmography."—Sight and Sound Yasujiro Ozu, the man whom his kinsmen consider the most Japanese for all film directors, had but one major subject, the Japanese family, and but one major theme, its dissolution. The Japanese family in dissolution figures in every one of his fifty-three films. In his later pictures, the whole world exists in one family, the characters are family members rather than members of a society, and the ends of the earth seem no

more distant than the outside of the house.

A Short History of English Law-Edward Jenks 1912

White Shroud-Antanas Škëma 2018 Considered by many to be Lithuania's most important work of modernist fiction, this novel tells the story of Antanas Garsva, an emigre poet working as an elevator operator in a large New York hotel in the 1950s.

My Life in Advertising-
Claude C. Hopkins 1917 This book is not written as a personal history, but as a business story. I have tried to avoid trivialities and to confine myself to matters of instructive interest. The chief object behind every episode is to offer helpful suggestions to those who will follow me. And to save them some of the midnight groping which I did. One night in Los Angeles I told this story to Ben Hampton, writer, publisher, and advertising man. He listened for hours without

interruption, because he saw in this career so much of value to beginners. He never rested until he had my promise to set down the story for publication. He was right. Any man who by a lifetime of excessive application learns more about anything than others owes a statement to successors. The results of research should be recorded. Every pioneer should blaze his trail. That is all I have tried to do. When this autobiography was announced as a serial many letters of protest came to me. Some of them came from the heads of big businesses which I had served. Behind them appeared the fear that I would claim excessive credit to the hurt of others' pride. I rewrote some of the chapters to eliminate every possible cause for such apprehensions.

student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is

backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. Education for Socially Engaged Art-Pablo Helguera 2011 "For too long Social Practice has been the notoriously flimsy flipside of

market-based contemporary art: a world of hand-wringing practitioners easily satisfied with the feeling of 'doing good' in a community, and unaware that their quasi-activist, anti-formalist positions in fact have a long artistic heritage and can be critically dissected using the tools of art and theatre history. Helguera's spunky primer promises to offer a much-needed critical compass for those adrift in the expanded social field." -Claire Bishop, Professor of Contemporary Art and Exhibition History, CUNY, and author of *Artificial Hells: Participatory Art and the Politics of Spectatorship* "This is an extremely timely and thoughtful reference book. Drawn from empirical and extensive experience and research, it provides a curriculum and framework for thinking about the complexity of socially engaged practices. Locating the methodologies of this work in between disciplines, Helguera draws on histories of performance, pedagogy, sociology, ethnography, linguistics, community and public practices. Rather than

propose a system he exposes the temporalities necessary to make these situations possible and resonant. This is a tool that will allow us to consider the difficulties of making socially engaged art and move closer to finding a language through which we can represent and discuss its impact." -Sally Tallant, Artistic Director, Liverpool Biennial "Helguera has produced a highly readable book that absolutely needs to be in the back pocket of anyone interested in teaching or learning about socially engaged art" -Tom Finkelpearl, Director of the Queens Museum, New York, and author of *Dialogues in Public Art*

Fighters of the Fifties

Woodcraft and Camping-
George Washington Sears
2020-04-09 It is an age of hurry and worry. Fortunes are quickly made and freely spent. Nearly all busy, hard-worked Americans have an intuitive sense of the need

that exists for at least one period of rest and relaxation during each year, and all—or nearly all—are willing to pay liberally, too liberally in fact, for anything that conduces to rest, recreation and sport. I am sorry to say that we mostly get swindled. To the man of millions it makes little difference. I do not write for him, and can do him little good. But there are hundreds of thousands of practical, useful men, many of them far from being rich; mechanics, artists, writers, merchants, clerks, business men—workers, so to speak—who sorely need and well deserve a season of rest and relaxation at least once a year. To these, and for these, I write. (George Washington Sears, Chapter I)

Along Came a Demon-Linda Welch
2013-01-11 I'm told the dead are all around us. I wouldn't know about that, I see only the violently slain. They can be victims of hit-and-run, innocents caught in a cross-fire, the murdered. They whisper to me and they never, ever, forget the face of their killer. I've learned to live with my uncanny ability, in fact I've made a career out of it. The departed aren't the only supernaturals I see. No, they're not vampires or werewolves or fae - those things don't exist. We live side by side with what some call the Otherworldly. That's too much of a mouthful for me, I call them demons. If you saw them as I do, you'd know why. Right now I'm trying to track down a missing six year-old boy whose mother was murdered. Or maybe she

wasn't. To further complicate the case, Clarion PD gave me a partner I'd rather shoot than work with. I can't tell them he's a demon. They'd think I'm crazy. I'm Tiff Banks. Welcome to my world.

The Culture of Fear-Barry Glassner 2000-03-16 There has never been another era in modern history, even during wartime or the Great Depression, when so many people have feared so much. Three out of four Americans say they feel more fearful today than they did twenty years ago. The Culture of Fear describes the high costs of living in a fear-ridden environment where realism has become rarer than doors without deadbolts. Why do we have so many fears these days? Are we living in exceptionally dangerous times? To watch the news, you'd certainly think so, but Glassner demonstrates that it is our perception of danger that has increased, not the actual level of risk. The Culture of Fear is an expose of the people and organizations that manipulate our perceptions and profit

from our fears: politicians who win elections by heightening concerns about crime and drug use even as rates for both are declining; advocacy groups that raise money by exaggerating the prevalence of particular diseases; TV newsmagazines that monger a new scare every week to garner ratings. Glassner spells out the prices we pay for social panics: the huge sums of money that go to waste on unnecessary programs and products as well as time and energy spent worrying about our fears.

The Canning Season-Polly Horvath 2003-05-07 Love under trying circumstances One night out of the blue, Ratchet Clark's ill-natured mother tells her that Ratchet will be leaving their Pensacola apartment momentarily to take the train up north. There she will spend the summer with her aged relatives Penpen and Tilly, inseparable twins who couldn't look more different from each other. Staying at their secluded house, Ratchet is treated to a passel of strange family

history and local lore, along with heaps of generosity and care that she has never experienced before. Also, Penpen has recently espoused a new philosophy - whatever shows up on your doorstep you have to let in. Through thick wilderness, down forgotten, bear-ridden roads, come a variety of characters, drawn to Penpen and Tilly's open door. It is with vast reservations that the cautious Tilly allows these unwelcome guests in. But it turns out that unwelcome guests may bring the greatest gifts. By turns dark and humorous, Polly Horvath offers adolescent readers enough quirky characters and outrageous situations to leave them reeling! Night Dogs-Kent Anderson
2018-11-13 Acclaimed crime writer Kent Anderson's "fiercely authentic and deeply disturbing" police novel, following a Vietnam veteran turned cop on the meanest streets of 1970s Portland, Oregon (Los Angeles Times). Two kinds of cops find their way to Portland's North Precinct: those who are sent there for punishment, and those who come for the action. Officer Hanson is the second kind, a veteran who survived the war in Vietnam only to decide he wanted to keep fighting at home. Hanson knows war, and in this battle for the Portland streets, he fights not for the law but for his own code of justice. Yet Hanson can't outrun his memories of another, warmer battleground. A past he thought he'd left behind, that now threatens to overshadow his future. An enemy, this time close to home, is prying into his war record. Pulling

down the shields that protect the darkest moments of that fevered time. Until another piece of his past surfaces, and Hanson risks his career, his sanity--even his life--for honor.
