Savory Memories-Linda Elisabeth Beattie
2015-01-13 Writers love to tell stories, so when
L. Elisabeth Beattie remarked that her next book
ought to be a Kentucky writers' cookbook, Betty
Layman Receveur replied, "Actually, all my sons
ever demand of me is my pound cake." Adding a
cup of this and a pinch of that, Beattie cooked up
Savory Memories, a collection of twenty-two
essays about particular dishes that call up warm
memories in the writers. Featuring recipes and
memories from writers such as Joy Bale Boone,

George Ella Lyon, Ronni Ludy, Ed McClanahan, Sena Jeter Naslund, and Richard Taylor, this is both a cookbook and a compendium of sentiments. This warm and enjoyable blending of essays, illustrations, and recipes is leavened with humor and laden with nostalgia. As much as the food, these writers celebrate the personalities who lovingly prepared and provided their favorite dishes, sustaining life and helping to shape the personas of the authors themselves. A collection of highly personal recollections, Savory Memories is a veritable smorgasbord of delights.

Nuclear Energy and Nuclear Weapon Proliferation-Stockholm International Peace Research Institute 2020-12-02 In mid-1980 a second conference for the review of the Non-Proliferation Treaty (NPT) would take place in Geneva. Given the importance of preventing, or

at least slowing down, nuclear weapon proliferation, this conference would be a crucial event in the field of arms control and disarmament. For many countries the technical and economic barriers to proliferation had disappeared, and the only remaining barriers were political. In an attempt to contribute to the discussions at the NPT Review Conference, SIPRI assembled a group of experts from a number of countries to discuss the technical aspects of the control of fissionable materials in non-military applications. The meeting took place in Stockholm, 12-16 October 1978. Originally published in 1979, this book on nuclear energy and nuclear weapon proliferation contains the papers presented at the symposium and reflects the discussions at the meeting.

Classic Japanese Racing Motorcycles-Mick Walker 1991 After World War II, the Japanese motorcycle industry sought to improve competitiveness in the export field against entrenched European marques and racing was
