Dylan can't hide anymore. Knowing he's falling apart, he searches for something or someone to hold him together-and lands in a BDSM bar called the Stonewall. Dylan doesn't understand Miss Dolphinia, the hard-drinking queen who seems determined to play matchmaker. But more confusing is the way the powerful men in leather make him feel. In her wisdom, Miss Dolphinia sends Dylan off to a back room for his introduction to the world of erotic spankings and bondage. Dylan's teacher-for want of a better word-is the very dominant Vin Hauser. Vin likes to play hard, but he's honest with himself-he knows all those men want is a strong hand, not a long-term relationship. Yet Vin can't help but hope Dylan might be different. With controversy over his brother's sins stirring up danger around him, Dylan needs Vin's support more than ever. But until he and Vin learn to trust each other, Dylan will have to face his fear and the growing threats alone.

Mobile Lightweight Wireless Systems-Fabrizio Granelli 2009-08-10 The First International Conference on Mobile Lightweight Systems (MOBILIGHT) was held in Athens during May 18-20, 2009. The decision to organize a scientific event on wireless communications, where competition is really enormous, was motivated by discussions with some colleagues about the current unprecedented request for lightweight, wireless communication devices with high usability and performance able to support added-value services in a highly mobile environment. Such devices follow the user everywhere he/she goes (at work, at home, while travelling, in a classroom, etc.), but also result in exciting - search, development and business opportunities. Such a scenario clearly demands significant upgrades to the existing communication paradigm in terms of infrastructure, devices and services to support the anytime, anywhere, any device philosophy, introducing novel and fast-evolving requirements and expectations on research and development in the field of information and communication technologies. The core issue is to support the desire of wireless users to have 24/7 network availability and transparent access to "their own" services.

Martine Syms: Shame Space-Martine Syms 2020-09-15 Diaries of an avatar: a Bible-style artist's book of writings by Martine Syms A new artist's book by California-based artist Martine Syms (born 1988), Shame Space explores the possibilities of narrative and identity, collecting journal writings by the artist from 2015 to 2017 in which she attempts to capture her shadow self, alongside image stills from the video project Ugly Plymouths. The text entries form the voiceover of Mythicbeing (pronounced "my thick being"), a "black, upwardly mobile, violent, solipsistic, sociopathic, gender-neutral femme" digital avatar who has iterated across several of Syms' recent exhibitions. In Syms' installations, Mythicbeing manifests variously in video, audio and as an interactive chatbot that responds to the viewer's communications with messages and animations. In Shame Space, the character's autofictional, diaristic commentary is gathered into 15 chapters. Its design updates the Bible format with its A5 size, embossed leather-textured cover and silver edge painting. The Ugly Plymouths still-image selection was coded using a programming script, such that the design, like the chatbot's SMS responses, is an exercise in machine automation.
