Democratizing Global Climate Governance-Hayley Stevenson 2014-02-06 Climate change presents a large, complex and seemingly intractable set of problems that are unprecedented in their scope and severity. Given that climate governance is generated and experienced internationally, effective global governance is imperative; yet current modes of governance have failed to deliver. Hayley Stevenson and John Dryzek argue that effective collective action depends crucially on questions of democratic legitimacy. Spanning topics of multilateral diplomacy, networked governance, representation, accountability, protest and participation, this book charts the failures and successes of global climate governance to offer fresh proposals for a deliberative system which would enable meaningful communication, inclusion of all affected interests, accountability and effectiveness in dealing with climate change; one of the most vexing issues of our time.

Crime on My Hands-Craig Rice 2018-03-20 "The Dorothy Parker of detective fiction" (William Ruhlmann) ghostwrites for silver-screen sleuth George Sanders in this "thriller with laughs on the side"(New York Herald-Tribune). The snarky and debonair actor George Sanders (who would go on to win an Academy Award for his performance in All About Eve) has had enough of playing a B-movie detective in the Falcon film series. He's thrilled to land a role against type in an epic historical adventure opposite the hottest bombshell in Hollywood. Then, as the shooting begins . . . the shooting begins. During an all-too-authentic action scene, a background sap in a glue-on beard takes a real bullet. A tragic accident, or something more sinister? Everyone now expects the big-screen sleuth to draw on his detection skills. But those murders were scripted. Being a pro, he's tempted to improvise—especially when he learns the victim was much more than some hapless extra. Unfortunately, the slug

is traced back to Sanders's gun, a key reel of evidence disappears, and the gentleman rogue himself becomes the star suspect. For Sanders, finding the real culprit in a world of illusion is going to be the most exacting performance of his life—right up until the killer fadeout. Having written two films in the Falcon series—The Falcon's Brother and The Falcon in Danger—Craig Rice was a natural ghostwriter for capturing George Sanders's trademark tone, a stiff dry cocktail of snark and sophistication. The result? "Lots of fun" (The New York Times).

Innocent Bystander-Craig Rice 2017-11-14 A midway murder sends a terrified eyewitness running for her life—from a cop, a con, and her own secrets—in this mystery by the author of the John J. Malone series. The best carnival barker in the business couldn't have drawn a crowd like the one now gathered around the Ferris wheel on the pier. In one of the cabs, still rocking with the ocean breeze, is a dead man—a bloody knife protruding from his back. Why the notorious gambling boss Jerry McGurn was killed is no mystery. Who did it is. And there's only one probable witness to the crime. As bystanders go, Ellen Haven comes across as innocent: pretty enough, plus her blue eyes well up with tears at the mere mention of something as awful as murder. Homicide detective Art Smith wants to believe she didn't see a thing. Why would she lie? Then again, why else would she suddenly vanish? And Smith isn't the only one looking for her; so is a brutal ex-con,

fresh out of San Quentin, with a score to settle. Smith knows he'd better find her first, but Ellen is leading both men into a hall of mirrors where illusions of guilt and innocence can shatter with a single gunshot. A former crime reporter, Craig Rice was "the first writer of detective fiction to make the cover of Time magazine. Her hardcover sales figures matched those of her bestselling contemporaries Rex Stout, Ellery Queen, Erle Stanley Gardner, and Raymond Chandler. She's worth remembering" (Jon L. Breen, Edgar Award-winning author).

A Stranger in My Grave-

Margaret Millar 2016-02-09
Young housewife Daisy Harker's world is upended when a blank spot in her memory and a reoccurring nightmare link her to an unsolved murder and a decades-old conspiracy Jim and Daisy Harker are a young, well-to-do couple in San Felice, California, and though childless they maintain the sort of domestic happiness that others can only aspire to.

But a darkness exists at the outer edges of Daisy's mind and she has no idea why it's there. In a series of reoccurring nightmares she wanders a cemetery, eventually finding her own gravestone. According to the dream, December 2nd, 1955 is the day she died. Street smart but honorable, Stevens Pinata is a man with his own mysteries. An orphan left on a church doorstep as a child, he isn't even certain of his ethnicity, let alone his goals in life. As a private investigator he works with bail bonds and quick shakedowns. But when a pretty young woman like Daisy Harker comes into his office with a crazy request to "find her lost day" he is intrigued. He is too decent to take advantage of a crazy woman, but Mr. Harker is a wealthy man and who is Pinata to turn down money? What unfolds is a masterpiece of suspense and one of the books that forever changed the domestic thriller. Millar's razor sharp prose cuts a masterful plot and slashes at the racism, sexism, and entitlement endemic to an era otherwise celebrated for its prosperity.

The Wrong Murder-Craig

Rice 2018-08-14

A cynical Chicago attorney butts heads with a beautiful killer socialite—from “the Dorothy Parker of detective fiction” (William Ruehlmann). Press agent Jake Justus doesn’t care if all of Chicago drops dead. He’s just tied the knot with debutante Helene Brand, and a Bermuda honeymoon is only three in-flight martinis away. But the shooting death of a man in broad daylight, on the busiest shopping day of the year, with plenty of witnesses, is particularly ill timed. Jake’s pal, attorney John J. Malone, agrees. Only a day before, wedding guest Mona McClane, notorious jetsetter and tipsy big-game hunter, bet the two men she could

bag an innocent stranger and they’d never be able to prove a thing. Then Malone discovers that the victim wasn’t so innocent. Any number of people wanted him dead. And if Mona is only one of them, Malone’s wagering there’s much more to this murder than just the thrill of getting away with it. The first mystery writer to ever make the cover of Time magazine, Craig Rice was known for her fizzy cocktails of hard-boiled noir and screwball comedy, prompting the New York Times to ask: “Why can’t all murders be as funny as those concocted by Craig Rice?”

corner when he finally decides to fight the murder rap that's sending him to the electric chair. Fueled by an abundance of liquor and a habit of bad manners, Crane sets his sights on a cast of oddball characters among whom hides a murderer. But in 1930s Chicago, everyone's got a secret, and the pressure is on for Crane to separate the dangerous from the truly homicidal before it's too late.

Annie Haynes 2016-03-01 “He had his tea as usual; when I knocked at the door with the tray (he always had afternoon tea), I found him—like this.” Dr Roger Lavington is dreading his debut performance with the village amateur dramatic society. But real-world drama takes over when Lavington’s neighbour, a reclusive artist, is found murdered in his own sitting room. Also found on the scene are a lady’s glove, a diamond ring, and a mysterious young woman who begs Lavington for his protection. Her safety will depend on her ability to take a role in the forthcoming village play—but is Lavington sheltering a wronged woman or a clever murderess? The Bungalow Mystery (1923) was the first of Annie Haynes’s golden age crime novels, and announced a major talent. This new edition, the first in over eighty years, features an introduction by crime fiction historian Curtis Evans. “The ingredients in this story are skilfully mixed.” Times “Contrived and worked out with considerable craftsmanship—drawn with sympathy and power.” Sunday Times “Contains many

cunning devices.” Outlook “The mystery is a real mystery.” Guardian “Plenty of mystery and drama.” Queen “This author has a sure hand at a crime story...strongly recommended to every type of novel reader.” Liverpool Courier

Home Sweet Homicide-

Craig Rice 2018-03-20 From the “grand dame of mystery mixed with screwball comedy”: The children of a widowed mystery writer play amateur sleuths and matchmakers (Ed Gorman, Ellery Queen Award-winning author). When your mom’s a mystery writer, a talent for detection is only natural. So when the three children of prolific whodunit author Marion Carstairs become material witnesses in a neighborhood murder, they launch their own investigation. And why not? They know everything about baffling mysteries from reading their mother’s books, the publicity could do wonders for her sales, and then she and a handsome detective could fall in love. It’s too perfect for words.

Marion's too busy wrapping up the loose ends of her latest book for the inconvenience of a real crime. But what's surfacing in the shadows of the house next door is not quite as predictable as fiction: accusations of racketeering, kidnapping and blackmail; a slain stripper; a grieving but slippery husband; a wily French artist; a panicky movie star; and a cop who's working Marion's last nerve. If the kids are game, Marion decides she is too—in between chapters, at least. Besides, this whole dangerous bloody mess could turn out to be a source of inspiration! This stand-alone mystery was the basis for the classic 1946 comedy starring Randolph Scott and Peggy Ann Garner and “makes clear why Craig Rice remains one of the best writers of mystery fiction” (Jeffery Marks, author of *Who Was That Lady?*).

A Murder is Arranged-Basil Thomson 2016-04-04 None of the other guests could explain what she was doing in Crooked Lane during the night... Beautiful Margaret Gask, guest at Scudamore

Hall, was shot to death on the driveway of the estate. The mink coat that she should have been wearing turned out to be the first clue Scotland Yard had to work on. Then a man she knew, a receiver of stolen goods, turns up dead. Soon more shady characters are drawn into the story: receivers, jewel thieves, confidence men and convicted felons on both sides of the Channel. Richardson, now Chief Constable, orchestrates the clues concerning a murdered French senator, the theft of a famous emerald, a fake Italian prince and a mysterious priest who sought sanctuary after perpetrating thefts and felonies all over France. The case ends back in Scudamore Hall, where an ecclesiastical robe replaces a mink coat as Exhibit A. The last and arguably most entertaining of all the Richardson novels, *A Murder is Arranged* (1937) has action, humour and a brilliant cast of major and minor characters. This new edition, the first in many decades, includes a new introduction by crime novelist Martin Edwards, author of acclaimed genre history *The Golden Age of Murder*. “Few

2017-07-01 At the annual Clout, the men of Herring do as they have done for centuries, firing arrows blindly into the woods and allowing their women to retrieve what they have shot. Nobody ever kills anything, but it’s a jolly time nonetheless - until the day when a few of the arrows find their mark, pinning a wayward customs inspector to a tree in a bloody parody of Saint Sebastian. It’s rotten luck for the dead man, and not much better for Simon Bognor. Bognor huffs when he hears of the killing, knowing that he is going to be sucked into investigating the death. A special inspector for the Board of Trade, Bognor is always getting invited to crime scenes, despite knowing almost nothing about

crime. His bad lungs, sour attitude, and fleshy physique are out of place in the countryside, but Bognor is in for the duration. He will find the person who caused the accident-or the next arrow’s target could be his heart.
